

Float Ball (חיבור מהצד)

Product Parameters

The output contact: 10W / 50W

Voltage: 0-240VAC / 0-200VDC

The maximum switching current: 1A

Wire specifications: 0.35mm silicone rubber high temperature line

Switch action: can be reversed

Operating pressure: 10kg / cm

Operating temperature: -10 ~ 120 ° C (200 ° C up can be customized)
